

**MY MOTHER!!!! (SREELAKSHMI CLASS VIII)**

**My mother my world  
Not ends it's value in a single word  
She taught me what is life  
To make our future safe  
I am the world of my mother  
I am in her mind and nothing another  
She is my first teacher  
She is my first meaning of life  
Mother is the gift of God  
Mother is someone who says us  
The right path of beautiful future  
To make us a wonderful creature  
She is my world when I am born  
I am her world for the whole life  
Our happiness means  
Mother's happiness  
Our sadness means  
Mother's sadness  
Our problem means  
Mother's problem  
We are living for everyone  
But mother is living only for us  
Mother the gift of God
